

**FoodHub Food Delivery**

# **Food Delivery Policy**

# Food Delivery Policy

## I. Introduction

This document outlines the policies and procedures for food delivery services conducted by FoodHub. Our primary objective is to deliver high-quality food products in a timely manner while adhering to industry standards and local regulations. We recognize the importance of customer satisfaction and the role that reliable delivery plays in our service offering. By establishing clear guidelines and expectations, we aim to foster trust and transparency with our customers, ensuring they receive their orders promptly and in optimal condition.

At FoodHub, we are committed to maintaining the highest standards of food safety and delivery efficiency. Our delivery personnel are trained to handle food products safely and follow hygienic practices to prevent contamination. Furthermore, we continuously assess and improve our delivery processes to enhance service quality. This document serves as a comprehensive resource for our employees, delivery partners, and customers, outlining the protocols we follow to ensure an enjoyable and hassle-free food delivery experience. By adhering to these policies, we strive to create a seamless connection between our kitchens and our customers' homes, reinforcing our commitment to quality and satisfaction in every delivery.

## II. Delivery Guidelines

### A. Service Availability

Food delivery services are available during the following hours:

|                            |                     |
|----------------------------|---------------------|
| <b>Monday to Friday</b>    | 9:00 AM - 11:00 PM  |
| <b>Saturday and Sunday</b> | 10:00 AM - 12:00 AM |

## B. Delivery Areas

FoodHub provides food delivery services within designated delivery zones that are strategically established to optimize service efficiency and customer satisfaction. These zones encompass a variety of neighborhoods to ensure that a broad range of customers can access our offerings. The delivery areas are periodically reviewed and updated based on demand, logistics, and operational capabilities. To view the most current delivery zones, customers are encouraged to visit [www.foodhub.com](http://www.foodhub.com). This ensures that they can verify whether their location falls within our service range before placing an order. Should you have any questions regarding our delivery areas or potential expansions, please do not hesitate to reach out to our customer service team.

## C. Order Processing

Upon receiving an order, [Your Company Name] implements a streamlined process to ensure timely delivery and customer satisfaction. The following steps are undertaken:

1. **Order Confirmation:** Once an order is placed, the customer promptly receives an email or SMS confirmation that includes essential details such as order items, estimated delivery time, and a unique order reference number. This confirmation serves not only as verification but also as a means for customers to track their order status.
2. **Preparation:** The food is prepared in our kitchens following strict standard operating procedures. Our culinary team adheres to food safety guidelines, ensuring that all ingredients are fresh and properly handled. The preparation process is closely monitored to maintain quality and consistency, providing customers with a delicious dining experience.
3. **Dispatch:** As soon as the order is ready, a delivery executive is assigned, and the order is dispatched promptly. Our delivery team is trained to navigate the delivery zones efficiently, ensuring that orders are delivered within the estimated timeframe. Each delivery executive follows established protocols to maintain food safety during transit, including keeping food at appropriate temperatures and using insulated containers.

## III. Safety and Hygiene

At FoodHub, we prioritize the safety and hygiene of our customers and employees throughout the entire food delivery process. Our commitment to maintaining the highest standards ensures that our products are delivered safely and responsibly, adhering to both industry regulations and public health guidelines.

- **Sealed Delivery Packages:** All delivery packages are securely sealed to prevent contamination during transit. This sealing process not only protects the integrity of the food but also reassures customers that their orders have not been tampered with. We utilize tamper-evident packaging to provide an additional layer of security, ensuring that the food arrives in pristine condition.
- **Hygiene Protocols for Delivery Personnel:** Our delivery personnel are required to follow strict hygiene protocols to safeguard public health. This includes wearing masks at all times while handling food and using hand sanitizers before and after each delivery. Additionally, delivery staff undergo regular training on food safety and hygiene practices to ensure they are well-informed about the latest guidelines and best practices.
- **Contactless Delivery Options:** To further enhance safety measures, [Your Company Name] offers contactless delivery options upon request. This allows customers to receive their orders without direct contact with the delivery personnel, minimizing the risk of transmission. Customers can specify their preferences during the ordering process, and our team will ensure that their requests are honored.

## IV. Customer Responsibilities

To facilitate a smooth delivery process, customers are urged to:

- Provide accurate delivery addresses and contact information.
- Ensure someone is available to receive the delivery during the estimated delivery time.
- Make payments using any of the company's specified payment methods upon placing the order.

## V. Cancellation and Refund Policy

- **Order Cancellations:** Orders can be cancelled within 10 minutes of placement. Refunds for eligible cancellations are processed within 7-10 business days and credited to the customer's FoodHub Wallet.
- **Order Modifications:** Once an order is placed, modifications (item changes, address changes, etc.) are not permitted. Customers wishing to change an order must cancel it within the cancellation window above and place a new order.
- **Late Deliveries:** If delivery occurs more than 30 minutes past the estimated delivery time (delivery\_eta), a 25% refund of the order value is issued automatically to the customer's FoodHub Wallet.
- **Payment Failures:** If a transaction fails but funds are debited from the customer's bank or card, the amount is automatically credited back within 24 hours.
- **Quality and Hygiene Issues:** Refunds may be requested for concerns regarding product quality or hygiene. Such claims require the customer to submit supporting proof, which is verified by our backend team. Approved claims receive a full refund to the customer's FoodHub Wallet within 7-10 business days of verification. Unverified or unfounded claims incur a penalty charge of 200% of the order value, applied to the customer's wallet.
- **Returns and Replacements:** All sales are final; items are not eligible for return or replacement.
- **Active Promotions:** No promotional discounts are currently active.
- **Unresolved Issues:** If an issue cannot be resolved through the above policies, a service ticket is automatically raised and a FoodHub representative will contact the customer within 24 hours. Customers may also reach us directly at [customercare@foodhub.com](mailto:customercare@foodhub.com).

### FAQ's

#### Ordering & Account

- **How do I place an order?** Open the FoodHub app, choose a restaurant, add items to your cart, and tap Checkout to confirm your delivery address and payment method.
- **Can I change my delivery address after placing an order?** Once an order is placed, the delivery address cannot be changed. If needed, cancel within the cancellation window and place a new order with the correct address.
- **How do I update my payment method?** Go to Account Settings → Payment Methods in the app to add, remove, or set a default payment option for future orders.

#### Cancelling & Modifying Orders

- **How do I cancel my order?** Open the Orders tab, select the order you want to cancel, and tap Cancel Order. This option is only available within the cancellation window after placing the order.
- **Why can't I cancel my order?** Cancellation is only available within a limited time after placing the order. Once the restaurant has started preparing your food, cancellation is no longer possible through the app.
- **Can I add items to an order after placing it?** No, orders cannot be modified once placed. You'd need to cancel (if within the window) and place a new order with the updated items.

## Delivery & Tracking

- **How do I track my order?** Open the Orders tab and select your active order to see live status updates and estimated delivery time.
- **What if my delivery is taking longer than expected?** Check the live tracking screen for updated estimates. If your order significantly exceeds the estimated time, you may be eligible for a partial refund per our delivery policy.
- **Can I schedule a delivery for later?** Currently, orders are processed for immediate delivery only; scheduled/future deliveries aren't supported at this time.

## Payments & Refunds

- **How long do refunds take?** Refunds are typically credited to your FoodHub Wallet within 7–10 business days, depending on the reason for the refund.
- **Where do refunds go?** Refunds are credited to your FoodHub Wallet, not back to your original bank or card, except in the case of payment failures.
- **How do I contact support about a payment issue?** Use the Help section in the app, or email [customercare@foodhub.com](mailto:customercare@foodhub.com), and a representative will follow up.
